Objective

Full Stack Developer with hands-on experience in building scalable, user-friendly web and mobile applications using React.js, React Native, Node.js, and MongoDB. Passionate about clean code and performance optimization. Currently expanding expertise in DevOps practices—CI/CD pipelines, containerization, and cloud infrastructure—to accelerate delivery and reliability in production environments.

Experience

Hostedminds Techsolution Pvt. Ltd. | Web Developer | Dec 2023 – Present

Project 1: Attendance Management System

- Developed the complete backend using Node.js and Express.js for efficient attendance tracking.
- Contributed to frontend modules, enhancing user interaction and report visualization.
- Automated report generation to reduce manual effort and simplify student attendance analysis.
- Reduced manual reporting time by 50% by automating attendance analysis.

Project 2: Dinest (Restaurant Table Booking App)

- Built a full-stack mobile application using React Native for both iOS and Android.
- Designed backend architecture and performed database modeling.
- Developed an automated invoice generation system.
- Integrated Firebase Cloud Messaging for real-time booking notifications.
- Implemented Razorpay for secure, seamless payment transactions.

Projects

Shophub (E-Commerce Platform) | Aug – Nov 2024

- Built a responsive frontend using React.js.
- Managed dynamic content using a CMS tool.
- Ensured full mobile responsiveness and performance optimization.

- Integrated Stripe for secure payment processing.

ChatApp (Real-Time Messaging Application)

- Developed real-time messaging using React.js (frontend) and Node.js + Socket.io (backend).
- Implemented JWT authentication for secure user sessions.
- Designed MongoDB schema for user profiles and chat data.
- Enabled private messaging, group chats, and real-time notifications.

Skills & Abilities

Technical Skills:

- **Frontend:** React.js, React Native, JavaScript, CSS.
- **Backend:** Node.js, Express.js, MongoDB, MySQL.
- **Version Control:** Git, GitHub.
- **DevOps & Cloud:** Jenkins, Ansible, Docker, GitHub Actions, AWS (Basics).
- **Tools & Others:** Python, Postman, Socket.io, JWT.

Soft Skills:

- Problem Solving.
- Team Collaboration.
- Effective Communication.

Education

- Government Engineering College – MCA
2024 | Major: Computer Applications | CGPA: 7.58
- Vivekanand College – BCS
2022 | Major: Computer Science | Percentage: 81.13%
